GitHub

- For hw submission, all the files have to be submitted on IU GitHub under the class org: https://github.iu.edu/cs-p556-fa2022
- you can use command lines or manually do it in the web browser
- Canvas
  - submit the repo url on Canvas (help us to find your repo)
  - we will post HW grading and comments on Canvas

GitHub

- create a private repo
- set the repo name
  - hw?_group?_??_??_??
- add group member in the repo
- use Readme file
  - list the contribution of each team member

Create a new repository

A repository contains all project files, including the revision history.

Owner *

🟩 cs-p556-fa2022 ▾ /

Repository name *

Great repository names are short and memorable. Need inspiration? How about **bookish-memory**?

Description (optional)

○ 📕 **Public**
   Any logged in user can see this repository. You choose who can commit.

○ 🏢 **Internal**
   Indiana University enterprise members can see this repository. You choose who can commit.

🔘 🔒 **Private**
   You choose who can see and commit to this repository.
